

IAMU Electric Donation “WISH” LIST”

To keep up with industry need, IAMU’s Electric Services department relies on donations from its member utilities. Our main goal is to properly train line personnel so that their health and welfare is protected as well as the protection of the municipal utilities.

If you have materials from this list that you would be interested in donating, please contact Tom Erickson at 515.971.8481 or e-mail terickson@iamu.org Tom will decide if your donation would be of use on IAMU’s training field. Currently, IAMU is only interested in equipment that is on this list and that is in good working condition because the equipment will be used for training purposes. Thank you for your consideration.

1. Substation battery bank,
2. Distribution voltage regulator,
3. Regulator by-pass switch,
4. Solid blade disconnect switches,
5. 10kv distribution arresters,
6. 1/0 ACSR,
7. 6A’ copperweld conductor,
8. 3/8” guystrand,
9. 12kv pin insulators-polymer or porcelain,
10. Crossarm pins,
11. 8’ crossarms/ 10’ crossarms- wooden,
12. Dead end bells- polymer,
13. Crossarm Gains for braceless construction,
14. Eye bolts-assorted lengths 5/8”xassorted lengths,
15. Machine bolts 5/8”x assorted lengths,
16. Pole top pins- 20-22”,

17. Neutral upset 5/8" x assorted lengths,
18. Neutral spools-porcelain or polymer,
19. Insulated brackets for neutral,
20. 220 mil jacketed 1/0 solid urd cable,
21. Connectors-i.e split bolts, p.g. clamps,
22. Digger Derrick with pin on bucket; if you are in the market for a new vehicle, consider IAMU instead of trading in old DD truck (donation or a reduced price),
23. Bucket truck; if you are in the market to purchase a new truck, consider IAMU instead of trading in old bucket truck (donation or a reduced price),
24. Guy clips,
25. Guy strain insulators: i.e. Johnny balls, insulated links,
26. Anchor rods for PISA anchors, and helix anchors,
27. Pisa anchors/ helix anchors,
28. Underground basements for padmount transformers and switching cabs,
29. Capacitor bank,
30. Capacitor bank stand,
31. Transformer cutaway, conventional and csp,
32. Pad mount transformer cutaway,
32. OCR cutaway,
33. Ground rod clamps,
34. Bonding wedges for down guys,
35. Guy guards,
36. Plastic bins for warehousing materials,
37. Guy attachments,
38. Curved washers,
39. Square washers 2 1/4" x 2 1/4",
40. Clothes pins for cover up- two dozen,

41. Switching(sectionalizing) cabinets,
42. 3-phase feed through,
43. Pad mount transformer,
44. Pads for padmount transformers.
45. 69kv gang operated air break switch
46. 69kv fuse disconnects
